

Welcome and thank you for taking the PELMO Online English Competency Assessment

Before you begin the test, please make sure that your computer system is capable of **minimum internet speed** requirements. Since the PELMO test requires video & audio recordings and uploads, test takers must have a minimum of 600Kbps (or .6Mbps) as a **MINIMUM UPLOAD SPEED** to ensure their submissions can upload properly.

In order to confirm your internet speeds, please visit a website to check your speeds. We recommend:

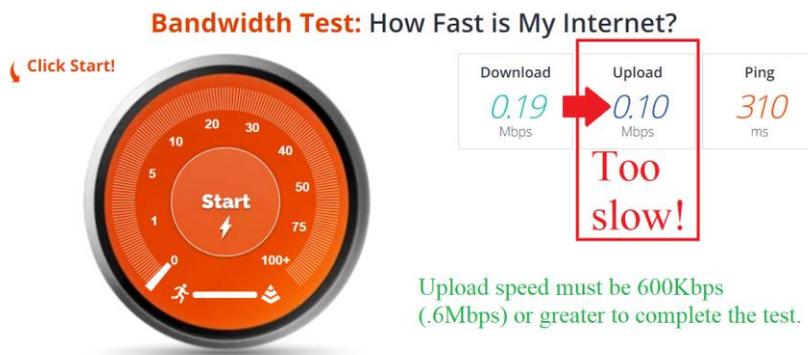

<http://www.speedtest.net>
<http://bandwidthplace.com/>

Please follow the instructions to check your speed. Results look like this:

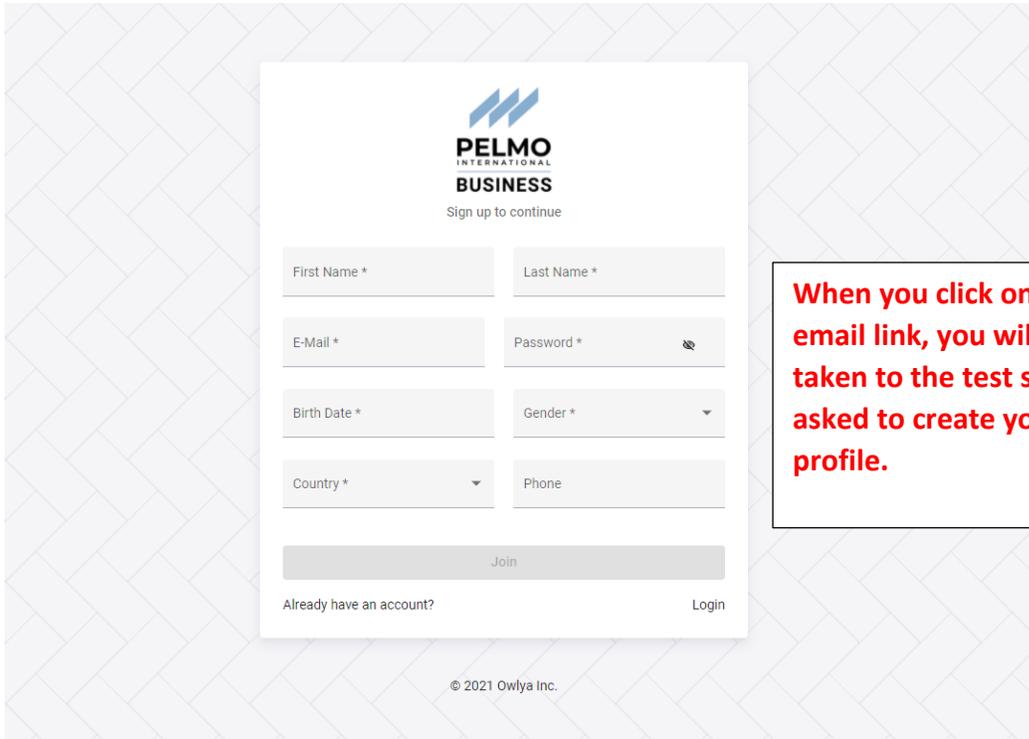

If you cannot reach these minimum speeds, please find a location, like a school or business, where you can have enough speed and privacy in order to complete the test. Please contact us if you have any questions or concerns:

support@pelmo-intl.com

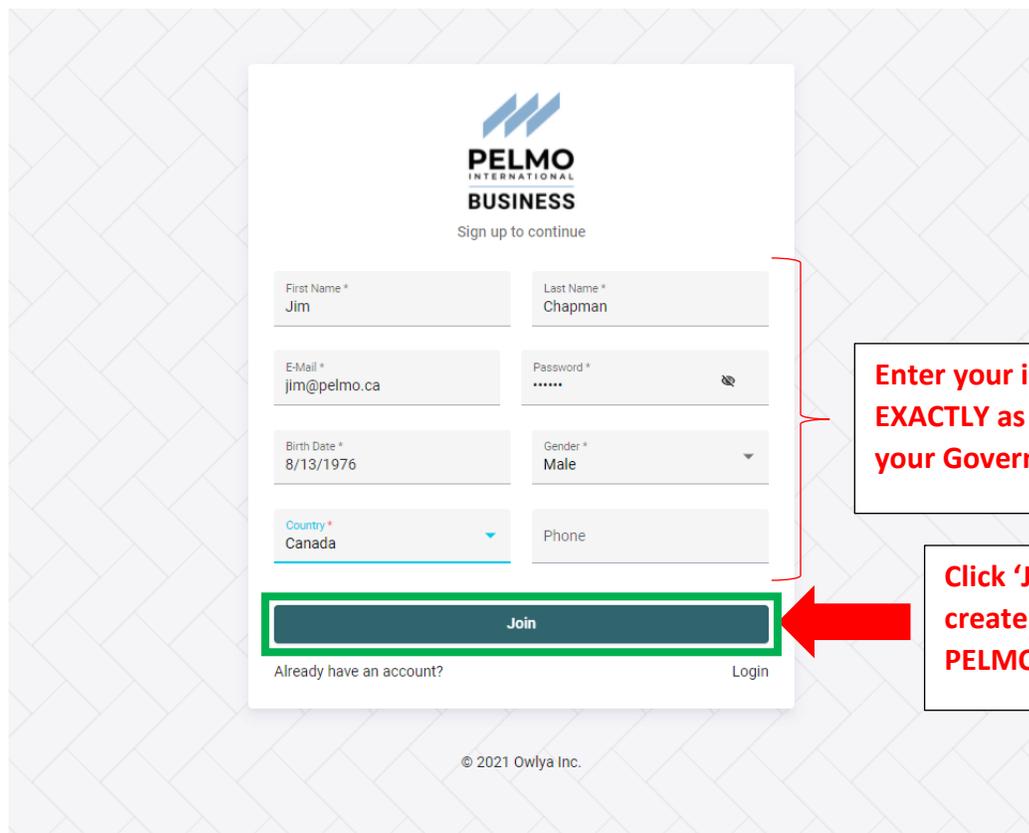

In preparation for your PELMO online English Competency Assessment, we would like to familiarize you with how to access the test and with what to expect during the online test process.

Below are screenshots of each step you will be required to complete and what you will see on your computer screen. Please look through these images to help you in completing the test. Good luck!

When you click on the email link, you will be taken to the test site and asked to create your profile.

Enter your information EXACTLY as it is on your Government ID.

Click 'Join' to create your PELMO account.
