WORK

UX Design & Research Intern

IBM | May 2020 - Jul 2020, Toronto

- Conducted 3 remote interviews and assisted 12 other interviews with data synthesis to help understand users' pain points and refine problem statement.
- Created low to medium fidelity prototype to visually communicate design solutions and iterated design based on feedback from users and clients.
- Led 10 usability testing sessions and achieved an increased usability onboarding flow for eCommerce platforms.

Human Resources Consultant

Bell Canada | Sept 2017 - Jul 2019, Toronto

- Supported corporate-wide learning programs through qualitative analysis of user feedback, which achieved an 85% of satisfaction rate across organization.
- Screened over 800 applications and assisted with over 100 video interviews to ensure the smooth of cross-functional recruitment.

Research Lead

Philip Morris International | May 2015 - Aug 2015, Toronto

- Led user research by conducting benchmarking analysis and 10 stakeholder interviews to achieve organizational buy-in to project initiatives.
- Worked closely with development and design teams through on-going communication of research insights which helped define project scope and clarify user pain points.

PROJECTS

User Researcher

Redesign: Spotify Artists Catalog (Team) | Mar 2020 - Apr 2020, Toronto

- Gathered insights from literature review and comparative analysis to inform early research direction.
- Facilitated 3 moderated usability testings and provided thoughtful insights to help the team iterate based on user feedback.

UX Designer & Researcher

One Hour (Individual) | Nov 2018 - Dec 2018, Toronto

- Researched and designed a mobile app that caters personalized cooking experience to ease users' decision-making in recipe selections and to help overcome anxiety of information overload.
