Food Sharing Campaign Campaign - 92

Our 92nd Food Sharing Campaign was held in the month of February in Slums of Beas where our team distributed food to the children living in Beas slums and their parents. Here are some glimpses of our food-sharing campaign. SimbaQuartz has funded the campaign under the company's Corporate Social Responsibility.

Tech School On Wheels Campaign - 20

Our company has taken a unique initiative to impart computer training to the children living in the slums in which we conduct computer classes for the children in our company bus. In the month of January, Under this initiative, our team provided computer classes to the children of Beas slums who go to school.

Our endeavor and dream is to provide quality education facilities to the children of economically weaker families at our own level as these children deserve it. They too should grow up to be IT engineers and help their families get out of financial difficulties. Free education can prove better than any financial help. We shall continue to do this service regularly.
