

Technick logo redesign

Frist option :

keep the concept of the original logo as possible and adjust the color and name of the company to be more readable

Using in white background

Using in bark background

Second option :

Same of previous idea but with some enhancement and more change on original logo

Using in white background

Using in bark background

Therd option :

Different idea with the concept of using the first letter of Technique (T) as a construction building

Using in white background

Using in bark background

Fourthoption :

same previous concept but different idea

Using in white background

Using in bark background
