

Greengage pre-shoot

questionnaire: keeping music +
theatre safe.

Working in partnership with [Stand Together Music](#) - to get performers back to work in a safe environment post-lockdown.

We are 7 days away from our scheduled shoot date! We want to make sure that everyone involved in our shoots feels safe and prepared.

Over the next 7 days, please make sure you're keeping to the latest Covid-19 government guidelines. You'll be helping to keep the shoot as safe as possible.

You can find the government information [here](#).

This questionnaire will help you to understand risks you might be taking in joining the shoot - as well as whether you could pose a risk to others.

Your answers to this questionnaire will be treated with the strictest confidence and will not be given to anyone else.

Please complete ALL the information below - and sign the following page.

Name:	
Role:	
Mobile number/Contact number:	

1. At any point in the last 14 days have you experienced any of the following symptoms? <i>Fever, chills, cough, body ache, headache, sore throat, runny nose or congestion, fatigue, shortness of breath, chest tightness or chest pain, nausea or diarrhoea, loss of taste or smell.</i>	YES/NO

We are 7 days away from our scheduled shoot date! We want to make sure that everyone involved in our shoots feels safe and prepared.

Over the next 7 days, please make sure you're keeping to the latest Covid-19 government guidelines. You'll be helping to keep the shoot as safe as possible.

A-Clinically extremely vulnerable: *Persons in this category should have received a letter from the Government advising them to 'shield' and to not leave their home*

- You are a recipient of an organ transplant
- You are undergoing cancer treatment or suffer from lung cancer, blood or bone marrow such as leukaemia, lymphoma or myeloma cancers, or have had bone marrow or stem cell transplants in the last 6 months, or are still taking immunosuppressive drugs.
- You suffer from severe respiratory conditions including all cystic fibrosis, severe asthma or severe chronic obstructive pulmonary disease (COPD)
- You suffer from rare diseases that significantly increase the risk of infections (such as SCID, homozygous sickle cell)
- You are receiving any immunosuppression therapies sufficient to significantly increase risk of infection
- You are pregnant and suffer from significant heart disease, congenital or acquired.

B-Clinically Vulnerable:

- You are aged 70 or older (regardless of medical conditions)
- You are under 70 and suffering from an underlying health condition listed:
 - Chronic (long-term) mild to moderate respiratory diseases, such as asthma, chronic obstructive pulmonary disease (COPD), emphysema or bronchitis
 - Chronic heart disease, such as heart failure
 - Chronic kidney disease
 - Chronic liver disease, such as hepatitis
 - Chronic neurological conditions, such as Parkinson's disease, motor neurone disease, multiple sclerosis (MS), a learning disability or cerebral palsy
- You suffer from diabetes
- You suffer from a weakened immune system as the result of conditions such as HIV and AIDS, or medicines such as steroid tablets or chemotherapy
- You have a body mass index (BMI) of 40 or above
- You are or could be pregnant.

DECLARATION AND CONSENT: I declare that the answers I have given in this are true and complete to the best of my knowledge and belief. I understand that I am taking responsibility for myself as well as the rest of the ensemble, crew and staff involved in this shoot.
