

STANDARD MDU CABINET

12 x 12 x 10 MDU Box

Inside of 20x30x12 MDU Box

Replacement Doors for 30x30x12

Punch out holes for Drop Access

Bottom Skirt with Side Knockouts

Connect Fortress – Standard MDU

Part of the Connect Fortress MDU line, the Standard MDU box meets the requirements of a variety of install situations. Replaceable doors with easy SlamLock feature allow for one handed operation for opening and closing. The removable back of the cabinet allows for easy maintenance and replacement of front shell. Drop Access holes are provided on either side to accommodate sharing of service. An optional bottom skirt protects cable entry in areas of security or environmental concerns.
