

## GRAPHIC DESIGN

Do you love designing and communicating visually?

Studying graphic design at Oakfields College is a great way to learn how to turn your creative abilities into a lucrative and dynamic career.

This full-time course will provide you with extensive training that will enable you to enter the creative industry of graphic design. Starting with basic design and technical literacy, you will be developed into a current industry professional both in print and interactive digital media. Class projects will enable you to build a personal portfolio to show prospective employers or clients.

You will gain practical exposure through various projects using up-to-date programmes. As a graphic designer, your creativity is transformed into works of art that have the potential to be seen by thousands of people.

On completion of the first year **Further Education and Training Certificate in Design Foundation**, you have the option to continue with the second year **National Certificate in Interactive Media**.

Software programmes used in this course include InDesign, Illustrator, Photoshop, After Effects and Dreamweaver.
