

MAKE-UP & SPECIAL EFFECTS

Does the thought of creating your own artificial blood, bruises, cuts and scrapes excite you?

Do you want to learn how to make bald caps and work with latex? Then the Oakfields College one year make-up and special effects programme is for you!

During your time with us, you will be taught all aspects of make-up and special effects, from fashion make-up to stage and film make-up. Through practical applications you will have the opportunity to experiment and take your creativity to the maximum. You will also be exposed to the new method of high definition make-up artistry, various hairstyling techniques to suit your make-up themes as well as ageing and fantasy make-up.

This one-year **Further Education and Training Certificate in Craft Enterprise (Make-up and Special Effects)** course is an extremely practical course that will provide you with the knowledge to pursue an active career in make-up design. The programme will equip you with the practical and theoretical skills needed to enter this highly competitive industry, where numerous career paths and job opportunities abound. The course emphasis is placed on conceptualisation and innovation.

The following subjects are included:

- Fundamentals of Drawing and Painting
