

Canvas Grid

This following PDF is a direct export of the pbix file available at purchase and each visual on the canvas is an actual representation of size.

10 X 10 CANVAS GRID WITH NAV BAR

GRID CANVAS

In this section you can describe the report to your users. This section is a great opportunity to inform your users about the report, how to use the report, any future updates to the report, as well as any known issues the report is having at the time.

This section also allows you to tell your users who created the report and is in charge of updating it, along with when it was last updated.
