

StratusWorX Cloud Workspace

Enable Remote Workers.
Simplify IT.

MORE THAN A DESKTOP. FULLY MANAGED INFRA,
SOFTWARE, STORAGE, SECURITY & REDUNDANCY
IN ONE EASY-TO-USE INTERFACE.

Simplify IT Management

Set Up Your Account Quickly

Select software and define roles for your org in minutes

Customize as Needed

Add optional customizations such as AD or VPN integration, network-peripheral assignment, and more. We make it easy

Onboard Employees in Minutes

Provision a new employee workspace with software, compute, storage, and redundancy in under two minutes

Automate Software Licensing

Select pre-licensed software in a simple app-store menu or Bring Your Own License (BYOL). Automate upgrades and patch updates

Streamline Hardware Management

Stop provisioning and supporting employee devices and managing hardware refresh cycles

Increase Security and Redundancy

Lock down the desktop. Enable employees to securely store and share files. Perform auto backups

Empower Employees

Support Remote and Mobile Workers

Give workers the flexibility and freedom to access their applications and files anytime, anywhere, on any device (laptop, tablet, smartphone, and thin client)

Cut IT Infra Spend by 50%

Simplify IT Budgeting

Provide predictable, fixed IT expenses per employee; analyze spend by individual, department or location

Consolidate Billing

Consolidate billing for software and services across the organization

Cut Hardware Costs

Stop purchasing servers. Replace expensive employee hardware with low-cost devices and extend life cycles

Only Pay for What You Use

Stop overpaying for unmanaged software subscriptions and storage

KEY FEATURES

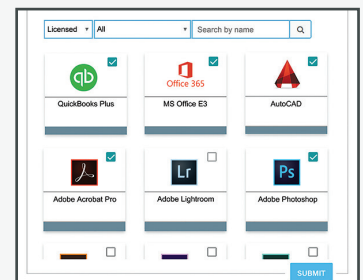

Ultra Secure

Secure single sign-on (MFA, X.509, AES) enhanced with Zero Trust & CAAuth, reliability, regulatory compliance and workforce flexibility. BitLocker encryption for data at rest. NSGs for VM ingress/egress filtering. Windows Defender NFV security for client & VM

AI-based Platform

Proprietary platform continually learns and adapts to perform in the most efficient manner

Easy App-Store Menu

200+ Software Titles

From popular software, like Office 365 and Adobe Creative Suite, to homegrown applications, we have your software needs covered
