

BNEI MITZVAH PROGRAM

REGISTER NOW

When you participate in a Mitzvah Project for Save a Child's Heart, you contribute your time, energy, and generosity to help save the life of a child. With the assistance of our Young Leadership Directors, you will create your own specially-designed fundraising and awareness campaign that's meaningful to you. You can share your campaign with friends and family and they can learn about your project and make donations online. We can even connect you directly with the child that you will be saving.

Elizabeth hosted a baseball game fundraiser for SACH

Zoe & Charlie hosted a spinning fundraiser for SACH

Mia published a book for the kids at SACH
