# CARE INSTRUCTIONS

## STACK STORAGE BOX

Please be aware that wood is a living material changing imperceptibly over time. All wood reacts to sunlight, humidity, temperature and can vary slightly in grain pattern and coloration.

Please use only warm soap water when cleaning and dry immediately with a soft cloth. The solid oak is treated with oil. Please renew the oil treatment when the surface is dried out.

Please arrange the Stack Storages Box carefully on the top of each other and don't slide them over the floor to prevent scratches on the surface and breaking the wooden legs. Don't sit or stand on the furniture and don't add more than 5 kg to each storage box.

–

**All our products are made from genuine and long-lasting materials. Please follow this care instruction and treat and maintain your new item accordingly.**

**All products are designed in Copenhagen and produced within the European Union.**
