CARE INSTRUCTIONS

Please be aware that wood is a living material changing imperceptibly over time. All wood reacts to sunlight, humidity, temperature and can vary slightly in grain pattern and coloration.

The solid oak is untreated and therefore it easily absorbs dirt and grease. When cleaning the product use only warm soap water and apply this on the entire surface. Dry immediately with a soft and damp cloth to prevent water marks and stains. The grains of the wood might raise when it comes in contact with water. Use fine sandpaper to smoothen the surface if needed.

Please do not stand on the furniture.

—

All our products are made from genuine and long-lasting materials. Please follow this care instruction and treat and maintain your new item accordingly.

All products are designed in Copenhagen and produced within the European Union.
