22nd July 2022

## Summer Holidays

We wish everyone a happy and healthy summer holiday. It has been a year of getting back to normal. The children have really relished having wider experiences at school such as trips, summer fayres and the return of singing assemblies.

We look forward to welcoming the children back to school on **Monday 5th September**.

## Goodbye and Good Luck

We would like to wish all the children and staff that are leaving our school all the very best in their future, and hope that they take with them lots of happy memories from our school.

The Year 6 leavers have been a credit to the school, trying their best in everything they do. The children always fully embrace any experience offered and academically have worked hard, resulting in our **Year 6 SATs results being above the national average of all schools**.

In the last couple of weeks the children have taken part in performances, some children played in a football game against a local school and all took part in a leavers' assembly. They also had a wonderful leaving event where they ate pizza, played games and then soaked each other, and staff, in a water fight.

## Parental Survey

Thank you to everyone who completed the parental survey. We are very keen to continue to reflect upon and develop our provision. We had 183 responses to the survey.

96.2% of responses said that they would recommend the school to a friend.

We will share more results throughout next year and inform of any future next steps.

### Sporting Success

We are pleased to announce that the school has been awarded the Platinum School Games Kitemark again for the schools commitment and engagement to physical education in school.

### Summer Fayre

We would like to thank everyone who donated items for the Summer Fayre or attended the event. We raised an amazing total of £2244. This money is used to purchase items for the children, such as the Year 6 leaver hoodies.

### Online Safety

During the summer holidays children may be online more, so it is really important to ensure that they are safe.

A useful link on our website is below.

<https://www.internetmatters.org/>

### School Website

84% of responses to the parental survey said that the school made them aware of what their child will be learning.

If you want to see what your child will be learning about after the summer holiday then the yearly curriculum overview is on the website as well as the Knowledge organiser for the first half term. This will allow you to discuss future learning and perhaps even plan home experiences linked to these.

The 2022-23 holiday dates are also on the site as well as any old newsletters, including the last Head2Home which included the PE kit expectation for the new year.
