

## Philadelphia Site Survey for Roundtable Discussion

### Global Dye Works:

<http://jalbum.net/a/1906131>

**Note:** Control but construction maybe happening in courtyard next door – shouldn't be an issue to hold them if we hear them.

### Pennovation Building:

<http://jalbum.net/a/1906887>

**Note:** Higher fees than you have budgeted, ala carte areas outside the main conference room. Neat setup with Labs, Production space and offices.

### Pipeline / Grant Building:

<http://jalbum.net/a/1906132>

**Note:** Main conference room offers best control.

### Power Plant Productions:

<http://jalbum.net/a/1905060>

**Note:** Load in from basement – stairs for gear. Great lighting and full control around train schedule (train runs by building)

### Rittenhouse:

<http://jalbum.net/a/1906890>

**Note:** Conference room has passerby's on 3 sides. Side rooms for storage available but space limited around workers.

### 41 St. University City:

<http://jalbum.net/a/1906892>

**Note:** Conference room and flexible open work area. Awesome roof top deck.
