## PROFESSIONAL EXPERIENCE

### PRODUCT DESIGNER

Microsoft (San Francisco, CA) | August 2021 – Present  
Assisted the Family Safety team with reconstructing their design system and produced various experiences through web and mobile app. Helped the Windows team construct relevant privacy features within their account dashboard website.

### UX DESIGNER

Microsoft/Aerotek U.S. (Remote) | Mar 2021 – Jul 2021  
Participated in 16-week LEAP apprenticeship program consisting of actively learning and applying product design principles. Conceptualized a standalone mobile app experience to help users understand their financial habits and achieve their goals.

### FREELANCE UX DESIGNER

UX Rescue (Remote) | Nov 2020 – Dec 2020  
Collaborated with team to design engaging webpages that led to increased promotion of UX Rescue's services and impact. Implemented designs onto the Wix platform.

### FREELANCE UX DESIGNER

Guide (Remote) | Jul 2020 - Sep 2020  
Collaborated with team to produce website design for free job referral services online. Organized and led product team meetings. Created company branding and user interface design.

### DIGITAL MARKETING SPECIALIST

Mimaki USA (Suwanee, GA) | Nov 2019 - Jan 2020  
Created and organized content for both email and social media channels that improved customer engagement. Edited WordPress website and performed reviews for quality assurance.

### WEBSITE CONTENT EDITOR

Web Benefits Design (Orlando, FL) | Mar 2018 - May 2019  
Provided accurate website updates that improved client experiences. Edited and interpreted data using the Adobe Dreamweaver tool. Performed quality assurance techniques to review website usability.
