

FOR IMMEDIATE RELEASE

Wunderbar Together 2021

Germany and the U.S.

Washington, DC, USA, January 2021 — Wunderbar Together is dedicated to promoting the robust relationship between Germany and the U.S., rooted in deep historic ties, shared values, and bold visions for the future. Since 2020, Wunderbar Together has worked alongside partners to build connections and promote projects that touch on every aspect of the German-American relationship, with events related to science, art, culture, language, industry, education, and sports.

This year, we're looking forward to the future - what the U.S. and Germany can accomplish when we work together. We're collaborating with dozens of partners to create opportunities for dialogue on these topics and to support over 500 planned events online and across the country.

The German American Events Calendar on our website serves as a central hub for the German-American network in the US. We seek to unite organizations across a range of sectors, to create an exchange of ideas with Americans in all 50 states, and to continue celebrating German-American friendship with new connections around the country.

Wunderbar Together 2021 is a comprehensive and collaborative initiative funded by the German Federal Foreign Office and implemented by the Goethe-Institut.
