www.facebook.com/JuggLifeShow

Age suitability- 5 years to adult.

Trailer: <https://youtu.be/OPvnGSf1w-E>

Jugg Life is an explosive fusion of dynamic live percussion and relentless energy with the breathtaking skills of two of Australia's best jugglers and a combined 30 years of performing experience. Beginning with the simple beat of a drum and ending with the total mayhem of both performers keeping ludicrous numbers of props in the air, Jugg Life is an intense, non-stop escalation of skill and entertainment. As sound melds seamlessly with world-class technical ability and energetic stage presence, performers Byron Hutton and Joe Fisher display precisely what they love about juggling in every way possible, incorporating competition, danger, music and a Rubik's Cube. Colourful, visual, turbulent and fun, Jugg Life is a show for the entire family.

Byron Hutton and Joe Fisher are both internationally recognised performers, and have each performed in 7 countries. Now, after juggling alone for far too long, these two renowned performers have joined forces to create Jugg Life, a juggling show which incorporates a unique style of live music and onstage chemistry in order to do the impossible and make 40 minutes of juggling thoroughly entertaining. The show's aim is simple yet powerful- communicating to the audience the possibilities of juggling, and why the performers love it so much. With this in mind, the show is a progression from monochrome to colourful, from analog to digital, from precise to chaotic, and is interspersed with moments of perfect synchronicity, subtle humour and the sheer jubilation of nailing uniquely difficult moves. Dozens of skillsets are utilised to display juggling in every imaginable way- a precise display of musical timing, an evolving creative endeavour, an intense exhibition of competitive one-upmanship and, above all, a celebration of a beloved pastime between friends.

The audience is invited to join the performers as the show progresses and the stakes get higher. Jugg Life introduces its base concept of juggling before demonstrating its many presentations, involving tightly refined sequences, frenzied catches and even a Rubik's cube, in a show that is entirely defined by the duo executing it. It is absolutely unique in both skill level and style, and is a no-pretense look at the art and practice of juggling.

A workshop can be attached to the show, running for one hour and designed to teach people of all ages how to juggle in a fun, inclusive environment. Contact us for more details.

Specifications

Jugg Life is typically presented in a theatre setting, but is designed to be modular and adaptable, and has succeeded on festival stages with limited production and in shortened forms at galas and events. Get in touch to discuss options for your venue.

The below specifications refer to the full black-box show.

Running Time: 40 mins (no interval)

Cast/Crew: Two performers

Stage: 3.5m x 5m with 4.5m clearance

Sound: Controlled from laptop and iPad by performers onstage (2x D.I. required)

Show involves some live percussion, which may need to be amplified in a venue of more than 300 seats (2x condenser microphones).

Lights: Show can operate on a simple lighting rig in a shared space (basic coloured washes and back lighting). The show is cued by the house tech, and the lighting plot typically takes 3 hours.

Technical Contact: Joe Fisher
