

ARCATA SHELL

Uniquely designed, high quality polypropylene shell for exceptional support and comfort. The poly shell is highly durable, resisting marring and fading and is designed for maximum comfort and support.

STANDARD SHEEL COLORS

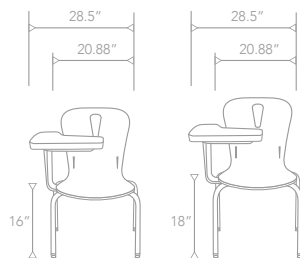

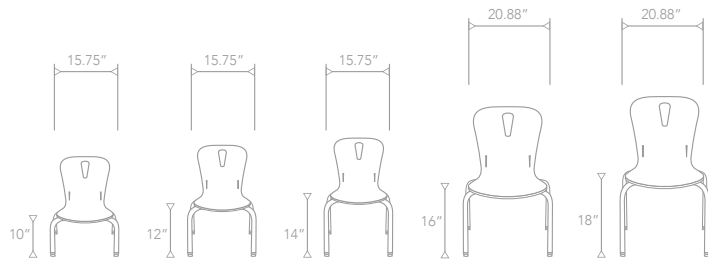

ARCATA FRAME AND TABLET ARM

The chair frame is made of highly durable 18 gauge 1.125" steel tubing for superior durability and support. It comes available in black and grey powder coat paint, or chrome. Tablet arm frame is constructed from 18 gauge 1" steel tubing and the tablet arm is durable and light weight polypropylene.

STANDARD FRAME FINISHES:

REAR CASTER (TABLET ARM CHAIR ONLY)
