

Get Scheduled with TouchCare

It's easy to schedule a personal consult with an expert Health Assistant. Our services were designed to support you and your family and can save you time, money, and stress.

Get scheduled in minutes

We're on your schedule

When scheduling a free consult with TouchCare, you can choose a time and day that works best for you. Our Health Assistants will research your benefit plans and needs before the call, so we can make the most of your time.

Ways to get scheduled

You can schedule a consult by downloading the TouchCare mobile app for your iOS or android device. Simply login then click on the **schedule** tab from the bottom menu.

Visit www.touchcare.com and click on **member login**. If you are creating a new account, click **new member**. Otherwise, sign in and click the **schedule** tab from the left menu.

TouchCare Health Assistants can get you scheduled over the phone. Simply call the TouchCare assist line and they'll work with your availability: (866) 486-8242
