Work Experience

hwkr.inc - UX/UI Design Intern

Los Angeles, CA (remote)

Jun.2020 - Aug.2020

- Designed interactive wireframe and hi-fi prototype for a marketplace iOS App that allows users to trade and track their card collections.
- Led and created company's first uniform design system streamlining the design process and improving overall company's design work productivity.
- Designed a new logo for company's brand communicating a playful, yet mature, and trustworthy feel to its main target users of card collectors.
- Designed branding materials including email templates and social media posters, bolstering brand and social media awareness.

Projects

Prosay - UX/UI Designer

Small legal case filing Web App

02.2021 - 04.2021

Collaborate with an engineer and a lawyer to create a web app that assists users in filing small legal cases, helping users to save time and reduce legal fees.

Using Overlay and Figma to create standard design components and guideline to enhance the development productivity.

Mocha Cafe at Winship Cancer Institute - Service/UX Designer

Service Redesign + Mobile App Design

01.2020 - 04.2020

Conducted 8 cafe customer interviews to uncover different groups' pain points in the ordering process and dietary needs.

Evaluated design ideas through expert review, usability testing, and prioritization matrices.

Provided service design recommendations to the client across multiple touchpoints in menu design, packaging, navigation design.

Paper Plane - UX Designer, UX Researcher

User-Centered + Mobile App Design

08.2019 - 12.2019

- Applied user-centered design principles and best practice mobile app design patterns to create a travel story-sharing community that connects travelers from airports worldwide.
- Iterated on the design through a participatory design session and 5 usability testings, with an average System Usability Score of 86.5.
