## About the Resort

There is so much crap around (Crap Masegn at 2477 m and Crap Sogn Gion at 2228 m) that the club is going back to this Swiss resort of the Bündner Oberland. Let's hope that we have real powder rather than cr\*p icy snow, at least. On the menu: 180 km of piste and wide-open bowls, one of the best and most well-known freestyler's infrastructure

in the Alps (3 half-pipes, 2 boarder parks and one kids' park), and other famous local spots called "the Iglu" or the "le Pub".

The diversity of the terrain of the "Flims Laax Falera" resort also called the "Alpenarena" will suit all levels and all styles. There is some outstanding freeriding here - just make sure you never go off-piste unless you are fully equipped and with a qualified local guide.

We are staying at the Hotel Eden Montana in Ilanz, just a short bus ride from the main Lifts.
