Sagittarius

Sagittarius is a multi award winning digital marketing agency that provides solutions for global based clients to develop, promote and champion their brands.

With offices based in the UK and Internationally, the agencies expertise focus on delivering digital transformation solutions to provide clients with the power to analyse user data and behaviour, increase and convert online traffic, improve SEO results, increase ecommerce revenues and bring proven ROI to business.

Sagittarius's comprehensive range of digital services includes:

- Global eCommerce
- Website Design and Build
- Sitecore Development
- Multichannel Marketing
- User Experience Design
- Conversion Rate Optimisation
- Search Engine Optimisation
- Pay per Click
- Social Media Campaign Management

Sagittarius has a strong heritage in delivering successful global ecommerce development projects for some of the worlds leading brands such as Contiki and Trafalgar including multi-lingual enterprise developments for brands such as Bureau Van Dijk, Race of Champions and national and international multichannel digital marketing campaigns for the Avéne skincare brand, owned by pharmaceutical giant Pierre Fabre.

With offices based in UK, Ukraine, Dubai and Sri Lanka, Sagittarius' operations are global, providing the support international brands need whenever they need it.

Sagittarius is also proud to be a Microsoft Partner and Sitecore Gold

Certified solutions partner providing the latest and greatest technology solutions to its clients.

With recent awards and accolades for client work, including Sitecore Experience Awards in 2016 and 2014 and Digital Experience Awards alongside Search, travel and marketing awards Sagittarius are constantly striving to push the technology and development boundaries, learn new skills and provide an ever increasing client base with the latest and greatest products for their clients.

“Sagittarius bring a wealth of digital understanding, technical innovation and expertise to us, ensuring that the digital delivery of our event is world class.”

Fredrik Johnsson
