To whom it may concern,

This is a personal reference for Pastor Cory Bourne.

Recently we had Cory minister in our church. We had him do a testimony/preaching weekend. He gave his powerful testimony of which several people got saved. Cory preached well with conviction and passion. He moves in the spiritual gifts.

A lot of the church were blessed and encouraged by his preaching. Cory's influence doesn't stop when he is finishing preaching. He is great after the service with the people. He is a welcoming person accepting all who come. In fellowship he is compassionate & considerate, he is giving of his time, able to relate to kinds of people and also up for a good laugh!

Cory is a good all-rounder of which consider him as a friend

I would heartily recommend Cory for a revival, you and your church will be blessed.

Kind regards
