Dear Pastor,

RE: EVANGELIST CORY BOURNE

This letter is written as a supporting document for my brother in Christ and good friend, Evangelist Cory Bourne, who was recently announced as a full time evangelist out of the Parramatta Potter's House congregation.

I have known Cory for over 25 years and he has been a faithful man of God, loving husband, father and grandfather to his wife, Sharon, his five boys, and three grandchildren. He has an excellent testimony within our fellowship and with those outside.

He has been a faithful armourbearer to his pastor, Pastor Rob Walsh, since his salvation, and from Nov 2007 has had the experience of pioneering the Eastwood Church, serving as an Assistant Pastor in the Parramatta Church, and up until recently serving as the pastor in the Bankstown Church.

For years I have observed the giftings of an evangelist in Cory's life and have personally encouraged him about this ministry. He recently preached a Sunday night sermon in our church which went so well, that I extended it for an extra two nights and would have had him longer were it not for other commitments that Cory had already made.

Cory really hears from God and his down-to-earth, cheerful nature really connects with people; he is full of faith in the love and the power of God and knows the Word of God; his ministry is supernatural and inspired by the Holy Ghost. Cory gave several spot-on, encouraging words to people in our church and prophecies in general, people were healed in their bodies, and there was noticeably a real deliverance element to his ministry which continues to play out in the lives of the members of the St Marys' church.

I will most certainly be booking him again and I would have no hesitation recommending Cory to minister in your church.

Yours in Christ's service,

Pastor Theo Alexandrou
