Dear Pastor,

I have had Evangelist Cory Bourne preach a revival for me in past times and do often have him return to preach regularly in Fairfield. His ministry has been a blessing to us and no doubt would be to your church.

Given his history in the Australian Navy, Ev Bourne has a radical testimony of how God saved him out of a life of drugs and violence, he has a supernatural dimension on his ministry as his conversion to Christ involves encounters with the demonic realm.

He operates in the Holy Ghost with precise words of knowledge and is also gifted in the area of money, and has seen some radical testimonies in regards to God's miracle provision and blessing. (I will let him tell the stories).

Evangelist Cory Bourne is a very personable and engages very well with the congregation, his authenticity is loved by our church, and his heart for people is evident.

If you want to have a Holy Ghost time and upset the demons in your city "then he's the man" to book.

For Revival,

Pastor - Fairfield
