

SOLID LINE  
DIECUT

GLUE AREA

BLEED AREA

**When designing**

- Create a document sized to 11.75 in x 10 in.
- Create a layer for the die trace and a layer for your artwork.
- Place the .pdf die trace on the die trace layer with upper left X and Y coordinates at X: -1 in and Y: -3 in
- Lock the die trace layer.
- Create your artwork on the layer you created for your artwork.
