TYPES OF FOLDS OR CUTS

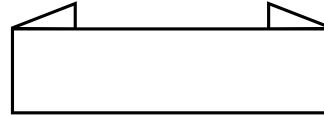

SUPERIOR INK
PREMIUM CRAFTED APPAREL AND PRINTING

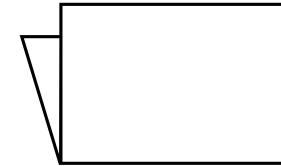

Straight Cut

No Folds. Straight cut labels are usually sewn on two or all four sides.

End Fold

Folded down on the left and right side to create a softer edge.

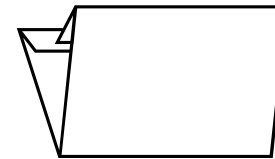

Center Fold

Folded in the middle and usually sewn into a seam. Center fold labels can also be used for sleeve and hem labels.

Manhattan Fold

Similar to a center fold label except the top of the label is folded down, creating a flap to tuck the bottom fold into.
Additional fee may apply.

Center End Fold

Folded in the middle and on the ends.
Mainly for outer hems of tops, or pockets on pants. Additional fee may apply.
