

Arise Healthcare Products Q2 Solution

I am a: RN | LVN | CNA | Dr. | NP | OT | PT
Student | Other _____

	Yes	No
I have patients who have one or more of the following: Increased risk for skin breakdown, bed bound, immobile, needs assistance in turning and changing, are incontinent, have wound care needs, or pressure ulcers.	<input type="radio"/>	<input type="radio"/>
The Q2 assisted me in turning my patient(s) today.	<input type="radio"/>	<input type="radio"/>
The Q2 helped support the patient, making wound and/or skin care easier.	<input type="radio"/>	<input type="radio"/>
The tear-away window on the Q2 provided better visibility for wound and skin care.	<input type="radio"/>	<input type="radio"/>
The Q2 helped me save time.	<input type="radio"/>	<input type="radio"/>
I felt less muscular fatigue at the end of my shift.	<input type="radio"/>	<input type="radio"/>
My patient(s) felt more secure, safe, and relaxed being turned with the Q2.	<input type="radio"/>	<input type="radio"/>

My patients have reported one or more of these:

- Less fear of falling / more secure
- Less pain / discomfort
- No digging / pushing on skin
- Fewer people in the room
- Less exposed / more dignity
