

## Accessing WebEx Meetings from an Android Mobile Device

1. Visit the Google Play store and search for Cisco Meetings and click Install.

2. Once you install and open the application, review & accept Terms of Service.

3. Several prompts will ask if you want to allow the application to take pictures and record video, access the device's location, record audio, access your contacts, make and manage phone calls. Go ahead and allow all while using the app.

4. Go back to your email or [events.harbinclinic.com](https://events.harbinclinic.com) and select "Join Meeting".

5. You'll receive a prompt to open the page in "Webex Meet." Select "Open."

6. Enter your full name and email, and select "OK."

7. Make sure your camera is "off" and microphone is on "mute". Now you are ready to join the meeting. Select "Join."
