**yellow house** is a modern canteen with a daily cafe and event space and great love for music, drinking and worldly food.

During the day we operate as a lunchroom and work-space where we serve fixed price lunches and a combination of healthy and comforting meals. Aiming to source our produce as local as possible we work directly with artisans and producers who are passionate about their craft. The same goes for our wine suppliers who provide us with low-intervention wines from all over Europe.

Reservations can be made through our website or by giving us a call during business hours.

For groups bigger than 7 & event inquiries we ask you to shoot us an email or giving us a call
