

## CURRICULUM VITAE

### **ANDREW EDWARD CAMILLERI MBChB FRCS(Ed) FRCS (ORL) PGCME**

#### **Current duties:**

**Speciality Lead ENT**

**Consultant Ear Nose & Throat Surgeon with interest in otology**

**University of Manchester Foundation trust**

**Honorary Senior Lecturer and Examiner for University of Manchester**

**Member of North West Specialty Training committee**

#### **Qualifications**

1983	Mb ChB
1985 (July)	FRCS (Edinburgh) Part 1
1987 (October)	FRCS (Edinburgh) Part 2 (General Surgery)
1989 (January)	FRCS (Edinburgh) Part 2 (Otolaryngology)
1989 (April)	FRCS (London) Part 2 (Otolaryngology)
1994 (April)	FRCS (ORL) (London)
2012 (Nov)	PGCME CPD4706 “Teaching & Learning in the Medical Workplace” (Edgehill University)
2020 (Jan)	Cosmetic Surgery Certification (FRCS)

#### **Prizes**

1980	Glasgow Registrar’s Prize for Best Abstract
1991	Glasgow Paediatric Society Prize
2005 (Sept)	Best Otology Abstract/Presentation SOS/BAOHNS Edinburgh Meeting

#### **Medical Posts (Including Current)**

April 2003 – present	Clinic Director in ENT University Hospital of South Manchester
----------------------	---

Aug 1995 – Present	Consultant ENT Surgeon BMI The Alexandra Hospital, Cheadle	
July 1995 – present	Consultant ENT Surgeon University Hospital of South Manchester	
Feb 1992 – June 1995	Senior Registrar in Otolaryngology Manchester Rotation	3 years 4 months
April 1998 – Feb 1992	Registrar in Otolaryngology Royal Infirmary, Glasgow	3 years 10 months
Oct 1987 – April 1988	SHO in Plastic Surgery Queen Mary's Hospital, London	6 months
Sept 1986 – August 1987	SHO in General Surgery Kingston Hospital, London	1 year
Sept 1985 – August 1986	SHO in Otolaryngology Royal National, Gray's Inn Road	1 year
Mar 1985 – August 1985	RMO in General Surgery Pinehill Hospital, London	6 months
Sept 1984 – Feb 1985	SHO in Casualty Luton Hospital, Luton	6 months
Aug 1984 – Feb 1984	JHO in Professorial Unit Ninewells Hospital, Dundee	6 months
Aug 1983 – Jan 1984	JHO in General Surgery Luton Hospital, Luton	6 months

### **Teaching Experience**

I enjoy teaching and the teaching hospital ambience.

Twenty-eight years in medical teaching units associated with London, Glasgow and Manchester Universities has provided the opportunity to teach under and post-graduate medical students, dental students, physical measurement technicians, nurses and general practitioners. This has taken the form of formal lectures, tutorials, clinical skills workshops, operating theatre training, out-patient clinic teaching and teaching on ward rounds.

I am/have been a lecturer on the following courses:

1991 – 1992	Glasgow University MSc course for otolaryngologists
1994 – 1995	F.R.C.R. course at The Christie Hospital
1997 – present	Merseyside Ear Course (Live surgery three day course)
2010 – present	Merseyside Head and Neck cadaver Dissection course

1998 – 2006	Audiology in Occupational Health course lecturer
1997 – present	Manchester University 2 <sup>nd</sup> Year Theatre Event in ENT
2011 – present	North Western Deanery Cadaver dissection course

At University Hospital of South Manchester I have set up a weekly research and academic meeting and encouraged full participation by the junior staff. I am organiser of the following courses:

“ENT in Practice”	7 x one day courses for GPs (P.G.E.A. Cat 2 approved)
North of England Otolaryngological Society at Withington	1994
North West Calman Training Course (inception and monitoring)	1996 – 1999
North West Calman Training Day teaching at UHSM	1996-present
Clinical Skills Workshop (bi-annual for 140 4 <sup>th</sup> year students)	1999-present
Honorary Senior Lecturer for University of Manchester	2014-present

Manchester medical students attend my clinics, operating lists and teaching sessions every year for SSCs, project options, career tasters, educational supervision. I supervise one/two project option 4<sup>th</sup> year medical students a year for three months each. A number of these have published their results.

I sit on the North West Specialty Training committee which organises ENT Specialty training.

Since 2000 I have reviewed articles for:

The British Journal of Surgery  
Drug and Therapeutics Bulletin

### **Exam Experience**

I have extended my interest in teaching by becoming an examiner for the following bodies:

Manchester University	3 <sup>rd</sup> /4 <sup>th</sup> /5 <sup>th</sup> year OSCE Examinations 1995-2017
Royal College of Surgery	MRCS General Surgery 2010
All Royal Colleges of Surgery	Dip of Otolaryngology, Head & Neck Surgery (Do-HNS) (2010-2014)
European Board of Examinations	ORL-HNS part II exam (2009 – present)
Royal College of Surgeons	FRCS Examiner (2013 - present)

### **Healthcare Management**

I have been Clinical Director or Specialty Lead of my department since 2003 and have a good understanding of NHS Management under various governments. I have recently been on the Councils for The British Society of Otolaryngology and Royal Society of Medicine, which are both involved in standard setting and education of ENT surgeons, as well as the allocation of prizes and awards.

As part of the audit cycle I am constantly evaluating the efficiency of our clinics, theatres, as well as patient satisfaction.

### **Clinical Experience**

I have been an active, practicing NHS Consultant in general otolaryngology with a special interest in otology and audiology over the last 18 years. In addition to a heavy general workload, I carry out approximately 30 stapedotomy operations a year (quoted by the SAC as the most in UK). I run specialist otology and dizziness clinics, working closely with the audiology department. I performed live surgery each year on the Merseyside Ear Course till the retirement of the organiser Prof T Lesser in 2016 . I also run general, paediatric and rhinitis clinics.

I see a similar mix of cases in my private practice where I also carry out medico-legal consultations, including medical negligence.

### **Research Experience**

Although more involved in research in the past (see publications), I am involved in the following fields of research which often involve medical students and surgical trainees:

#### **Sleep Disordered Breathing and Snoring**

Since 1994 I have been investigating the diagnosis and treatment of snoring disorders. Currently I am focusing on outpatient diagnosis of site of noise vibration and severity of sleep disorder breathing.

#### **Otology**

I have used my large otology workload to carry out research and audit into various topics including dizziness, stapedotomy and grommet insertion.

#### **Rhino-sinusitis**

Wythenshawe Hospital has a large respiratory medicine department with six Professors and a research laboratory. Current studies include laryngo-pharyngeal reflux and cystic fibrosis.

### **National/International Presentations**

- |              |  |
|--------------|--|
| 1988 (Oct)   | The Incidence and Awareness of Surgical Glove Puncture.<br>Oto-rhinolaryngological Research Society, London <b>ORS</b> |
| 1991 (March) | Chronic Otitis Media: An Association with Autoimmune   |

Disease. Section of Otolaryngology. Royal Society of Medicine, London. **RSM**

- 1991 (August) Acceptability of Secondary T-O Fistula Creation in Long Standing Laryngectomies. International Symposium on Phonosurgery and Voice Rehabilitation. Edinburgh.
- 1991 (Oct) The Effect of Recurrent Tonsillitis and Tonsillectomy on Growth in Childhood. Oto-rhinolaryngological Research Society. London. **ORS**
- 1992 (March) The Effect of Recurrent Tonsillitis and Tonsillectomy on Growth in Childhood. British Association of Paediatric Otolaryngology. **BAPO**
- 1994 (March) Sedation Nasendoscopy for the Investigation of Snoring. North of England Otolaryngological Society Meeting at Withington Hospital. **NOE**
- 1995 (March) Prognostic Indicator Value of Electrocochleography in Unilateral Meniere's Disease Patients Undergoing Saccus Surgery. Oto-rhinolaryngological Research Society, Liverpool. Also poster at British Academic Conference in Otolaryngology, Manchester. **BACO and ORS.**
- 1995 (July) Camilleri A.E., Ramamurthy L., Jones P.H. Sleep Nasendoscopy: What Benefit to Management of Snorers? Poster at British Academic Conference in Otolaryngology, Manchester. **BACO**
- 1996 (July) Cochlear Implantation in Fractured Temporal Bones. Second International Base of Skull Surgery Congress. San Diego, USA.
- 1996 (July) Minimal Access Middle Fossa Craniotomy. Second International Base of Skull Surgery Congress. San Diego, USA.
- 1997 (Oct) Sound Frequency Analysis and Site of Snoring in Natural and Sedation Induced Sleep. **BAO-HNS/NOE/ORS**
- 1998 (March) "A Journey Through Your Nose".  
Lecturer to the **British Sjorgen's Association**
- 2001 (Sept) Efficacy of the Epworth Sleepiness Score (**NOE**)
- 2002 (Feb) Treatment Options for Sleep Apnoea (**RSM**)
- 2002 (Oct) The Prevalence of Nasal Polyposis and Sinusitis in a Cystic Fibrosis Population (International Federation of Otorhinological Societies in Cairo) **IFOS**

- 2004 (Jan)                    Obstructive Sleep Apnoea and Its Implication for Anaesthetists. 15<sup>th</sup> Doctors Updates Course in Anaesthesia. Belle Plagne, France.
- 2006 (Sept)                    Predicting Outcome Following Stapedectomy. Poster Presentation at ENT UK Annual Meeting at Royal College of Surgeons. Broomfield, S.J., Bruce, I., Kaushik, V., Camilleri, A.E.
- 2009 (Sept)                    Analysing the Learning Curve in Stapes Surgery. Poster Presentation at ENT UK Annual Meeting at Royal College of Surgeons. Kaushik, V., Mustafa, R., Camilleri, A.E.
