

RISE LIFETIME OF BENEFITS

Rise Global Winners

Rise will select 100 Global Winners and provide them with access to a lifetime of benefits as they work to serve others.

Rise benefits could exceed USD 500,000 for every Global Winner over the course of their lifetime, depending on demonstrated need, making this one of the largest scholarship programs in the world.

Every Rise Global Winner will be eligible for the following benefits:

Education Support

- A four-year, post-secondary scholarship at any accredited university, including tuition and a living stipend, based on need where not already covered by financial aid.
- Opportunity to apply for scholarship funds for a graduate degree.
- A technology and data package to support educational and service endeavors, to be received upon joining Rise.

Residential Summit

- Invitation to attend a fully-funded, three-four week residential summit with other members of the Rise Global Winner cohort—to be held in a rotating location globally for each new cohort—as well as to join network events in subsequent years. (Due to COVID-19, the timing and location of the summit are subject to safety concerns.)

Funding Opportunities

- Opportunity to apply annually for funding, with no predetermined limits, to experiment with innovative ideas to address major problems in local communities or around the world. This could range from supporting a non-profit to starting a social enterprise.

Mentorship & Career Services

- Access to specialized career services and an exclusive listing of internship and job opportunities.

- Opportunity to be paired with a mentor through Rise partners.

Global Winner Network

- Access to specialized programs, courses, and fellowship opportunities through Rise partners.
- Access to an online community to meet other Rise Global Winners across cohorts, to connect on common interests, make service commitments, launch enterprises, and collaborate together.

Rise Finalists

Up to 500 Rise finalists per year—those applicants who advance to the interview stage of the application—will receive the following benefits:

- USD 1,000 in benefits to be used toward education.
- Opportunity to apply periodically for funding to experiment with innovative ideas to address major problems in local communities or around the world.

Rise Global Community

Everyone who completes their application joins the Rise Global Community. They will receive:

- Community through a network of future leaders with shared interests and talents from over 150 countries.
- Free online courses, designed to support the Rise community, from leading experts around the world.
- Access to additional opportunities from our network of global partners, including universities, businesses, and nonprofit organizations.
- Opportunity to build professional and personal skills, learn to showcase ideas, and develop a portfolio with a significant project throughout the application process.
