

Chris Dale

UX/UI & Web designer

Profile

A passionate UX/UI and front-end developer and I am always looking to develop and improve my craft to get better at what I do.

With four years of experience in the design world, but feel I have grown as a designer in the past year since starting Ulster University and I am growing every day. I have many different skills from web design and development, app design, poster design, and branding.

I love being in a design studio with other designers as I feel it helps me be more creative and improves my skills more.

Address

6 Arderys Lane,
Banbridge,

Education

BDes Interaction Design Ulster University 2019-present

Completed first year with first class honours overall in modules like Interaction Design Fundamentals, Intro to Communication Design, Exploring Identity and Imaging & Data Visualisation.

Currently I am focusing on Creative Entrepreneurship, and Designing with Content.

SRC (Southern Regional College) (2015-2019)

I obtained a MMP in a BTEC Level 3 Extended National Diploma in IT.

I then achieved a 70% overall in a Foundation degree in Interactive Multimedia.

Work Experience

March - June 2020 Tesco

- Stocking shelves
- Date rotating stock
- Front facing stock at the end of the day.

Feb - April 2019 Tascomi

- Took part in daily stand up meetings.
- Designed & developed an in house app for Tascomi.
- App was used by Tascomi team to see who was doing different amount of tasks.

2018 - present Omniplex

- Selling tickets
- Keeping place clean & tidy
- Doing tasks for the manager
- Handling & counting money
- Cleaning screens after movies.

Hobbies

When I have spare time you will usually find me either playing Playststion, watching movies or hanging out with my friends. On week days I do some boxfit training which incorporates boxing and fitness training. I enjoy this as it keeps me somewhat fit.

Skills

Communication skills

Able to talk confidently to customers & help them with their needs.

Problem solving

Solving customer queries and needs in both tesco and Omniplex.

Time management

In Tesco & Omniplex I have learnt how to be punctual & get tasks done on time.

Teamwork

Working in Tesco & Omniplex has helped improve my teamworking skills

Prototyping

I have experience in creating different prototype apps and websites using sites like Figma and sketch.

Illustrations

I have created many different illstrations for my apps and my digital posters.

Responsive Web Design

I have experience in creating responsive websites. I would design first in the browser and scale it down for tablets and phones.

Interaction Design

I have experience in creating responsive websites. I would design first in the browser and scale it down for tablets and phones.

Storytelling

I am able to create design stories of my working using images and text to show my process and give it a back story.

Brainstorming

I am able to brainstorm different ideas and create mind maps to help me narrow down designs, names and ideas.

Tools

Illustrator HTML/CSS

Sketch Webflow

Figma
