

BANGLADESH: REQUEST FOR PROPOSAL (“RFP”) FOR OWNER’S ENGINEER SERVICES FOR A GROUND MOUNTED SOLAR PROJECT

Green Solar Energy (“GSE”) is a joint venture company established by InfraCo Asia Development Pte Ltd (“InfraCo”), Greencells GmBH (“GCL”) and Global Greengen Ltd. (“GGL”). GSE was formed to develop solar PV projects in Bangladesh. GSE is exploring the possibility of developing a grid connected 10 MW (+/-10%) AC solar PV project in Noakhali, Bangladesh.

GSE would like to engage an independent party (“Consultant”) to conduct Owner's Engineer (“OE”) services for this project.

Bidders interested in participating the RFP process may contact Towhidul Haque, Project Director - Bangladesh, Equicap Asia Pte. Ltd. by emailing at towhidul.haque@equicapasia.com with their full company details and profile.

Equicap Asia Pte. Ltd. is the exclusive developer team for InfraCo in the South Asia region.

The last day of proposal submission is on **11 March 2021** by 5:00 PM (Bangladesh Standard Time).

Printed copies of the proposal are not required.
