

Dual Cylinder Wall Bracket - Size "H" or "T"

Part Number | WB2C

This dual cylinder wall bracket accommodates 2 large steel cylinders including size "H" and "T". There are 2 strategically placed holes to secure the bracket into a wall. The bracket is powder coated black for extra durability and to prevent rusting.

Single Cylinder Wall Bracket - Size "H" or "T"

Part Number | WB1C

This single cylinder wall bracket accommodates large steel cylinders including size "H" and "T". There are 2 strategically placed holes to secure the bracket into a wall. The bracket is powder coated black for extra durability and to prevent rusting.

Adjustable Wheelchair Bracket - Size MD/ME

Part Number | WCB-A

This adjustable wheelchair bracket slides onto the bottom support bar of any size wheelchair and has an adjustable secure arm that is designed to fit any upright support bar configuration. The bracket is powder coated black for extra durability and to prevent rusting. Supports cylinder sizes MD or ME.

Adjustable Large Cylinder Stand

Part Number | STANDM60T01-A

The Adjustable Large Cylinder Stand has the ability to secure any large cylinder with a outside diameter size of 7.5" to 9.25". The unique design of this stand DOES NOT require you to reverse the securing plate to accommodate different size cylinders, rather you simply tighten the adjustment knobs to accommodate all diameter sizes from 7.5" to 9.25". This stand is made of high grade steel, is electric welded, and is powder coated for extra durability.

MM Cylinder Stand

Part Number | STANDMM01

This economical steel cylinder floor stand accommodates an MM cylinder.

M60 Cylinder Stand

Part Number | STANDM6001

This economical cylinder floor stand accommodates M60 cylinders.

ME/MD Single Cylinder Stand

Part Number | STANDED01

This economical steel cylinder floor stand accommodates an ME cylinder.
