

Virtual Event - Organizer Platform

Everything you need to host a succesful event.

Our Virtual Events Organizer Platform gives you the power to connect with a global audience, tailor your event to meet your business objectives and provide an experience that clients and prospects will remember.

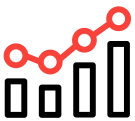

Enterprise-Level Security

Reliable & secure cloud hosting infrastructure and GDPR compliant to ensure any event data is protected.

Web-Based Platform

Browser-based platform, no download or app required. Supports both Mac & Windows OS.

Metrics & Analytics

Track the details of the virtual event activity and receive a detailed report after the event is completed.

Flexible & Customizable

Fully customizable to reflect your brand. Choose from templates or create a custom environment tailored to your brand.

Virtual Events from accordex is the only truly interactive, intuitive and immersive platform on the market today.

Leverage an engaging virtual environment with customizable exhibitor booths, on-demand content, video and chat interactions to ensure an excellent visitor experience.

The main features of the product include:

- Customizable navigation via a fully immersive environment or through a point & click map.
- Common areas
- Each individual exhibit can run videos and download documents, & manipulate 3D objects.
- Interact one-on-one or one-to-many private and public video calls and text chats.
- Fully immersive 3D environment
- Representation of participants through avatars.
- Ability to turn on or off the sound of the environment.
- Screensharing for demos and teaching.

Personalize each space to appeal to your audience and create a modular event platform to be able to host multiple events throughout the year. Each environment can be designed to increase audience retention, visitor engagement and brand awareness through every event.

Combine any number of spaces and designs to create your virtual event:

- Lobby
- Exhibit hall & Booths
- Auditoriums & Theaters
- Interactive Video Walls
- 3D environments
- Breakout Sessions
- Panels
- Networking Lounges

Step 1.

Select the organizer package.

We offer two online event experiences to best fit your needs:

ORGANIZER All prices in USD, on an annual plan.	Basic	Pro
• Helpdesk	Premium	Premium
• SSO Enterprise (Active Directory)	✓	✓
• Time Zone & Country Choice (up to)	20	20
• Languages	10	10
• Simultaneous Visitors	250	1000
• Booth Sizes Available	Small, Medium	Small, Medium, Large
• Administrator Access	Unlimited	Unlimited

Additional Data & Visitor packages available, pricing by request.

Step 2.

Select the booth sizes & amount.

Once you choose how you will organize your space, you can select how many kiosks you will add in your environment. You can choose from a selection of small medium or large exhibit design templates that will be branded to participant brands. The number of booths and their size will impact the cost of the event. You can easily charge those costs to your exhibitors.

The specifications for each booth type can be seen below:

BOOTH	Small	Medium	Large
• Booth Size	1000	2500	5000
• Booth Levels	1	1	2
• Online Storage	4GB	20GB	30GB
