ASSOCIATION
BENEFIT PLAN

More benefits than you planned for.™

We add the kind of support that continually anticipates your needs—from your first call through to ongoing guidance. Here are three ways where we benefit you the most.

WE DESIGN CUSTOM PLANS

Whether you are adhering to a Collective Agreement or offering exempt benefits, the FABP will create a program designed specifically for you. Our plans are tailor-made for this sector including Health & Wellness, Employee Assistance, and a variety of other insurance products.

WE DELIVER RATE STABILITY

We provide our clients with peace of mind by delivering consistent renewals that are easy to budget and plan for, mitigating unexpected surprises. Our disability management expertise and preferred drug pricing are only a few ways the FABP can help you.

WE HAVE A STRONG HISTORY

We've proudly served member agencies since 1983 in partnership with The Federation of Community Social Services of BC. Our knowledgeable team specializes in the unique Social Service environment, resulting in stable relationships for employers and employees.

"For over 30 years, we've been able to ensure that a high level of service and quality employee benefits are available across BC's Social Services Sector. Schmunk Gatt Smith & Associates take the time to understand the issues we are facing and truly want the best for our membership. We're proud to have them as a part of our team!"
