What is Governance?

- “the action or manner of governing”

- A system and structure of management based on clear understanding of roles & responsibilities set down in policies
Why Governance and the SCC?

• Continuity, consistency, and shared clarity

• Ambiguity creates risk

• Inspire confidence and lead by example

Commissioners commit to working with staff and outside expertise, as needed, to craft and adopt governance policies for the State Conservation Commission by the end of calendar year 2021.

A Governance Sub-committee of Commissioners, (name Commissioners here), is hereby appointed to work with SCC staff with regular reports to the full Commission.
Thank You!
