District Manager Position Announcement

The Marion Soil and Water Conservation District, a regional leader in conserving natural resources in Oregon, has an immediate opportunity for an experienced District Manager to serve as the chief executive officer of the District. This position acts on behalf of the District Board of Directors and represents the District to public and private customers and partner organizations.

If you have a Bachelor's degree in an appropriate field of study and at least five years of management experience within a natural resource or agricultural organization, agency, or business, this might be the right position for you.

The District Manager provides overall leadership for personnel, technical and program planning, finances, public outreach, project management, and implementation. The successful candidate must be a highly motivated self-starter with demonstrated ability to successfully lead a productive and talented team.

For immediate consideration, please submit a complete application packet, which must include a cover letter, resume, responses to supplemental questions, and a completed application form. A full position description, application form and supplemental questions are available at www.marionswcd.net. Email is the preferred method to receive your information. This position is open until filled.

Marion Soil and Water Conservation District offers a competitive wage schedule and excellent benefits package. The District is an Equal Opportunity Employer.

Please submit application packets to:
