

Checklist

Consider the following points in the start-up phase

1. Foundation

Calculate an offer for the foundation of your public limited corporation and enter the necessary data into our system.

2. Authentication

In the next step, sign the required documents and have your signature certified.

3. Capital

Transfer the share capital to a blocked account at a bank and send the original capital payment confirmation to STARTUPS.CH

4. Founding documents

Send all founding documents by registered mail to STARTUPS.CH. Other documents will then be drawn up by STARTUPS.CH and sent to the relevant commercial register office.

5. Social Insurance

After entry in the commercial register, the OASI-compensation office will contact you.

6. Value Added Tax

After receipt of the extract from the commercial register, we will prepare the VAT registration for you.

7. Promotional material

You can order your advertising material (e.g. business card) now and register the internet domain.

8. Trustee

If you need assistance with accounting or tax accounting, STARTUPS.CH provides you with a wide network of fiduciary partners.

9. Trademark protection

STARTUPS.CH helps you protect your company name and logo so that you can concentrate on your core business.

10. Celebrate

After you have completed the foundation of your public limited corporation, you can celebrate in high spirits.
