Experience

Feb 2020 - Present time in Amsterdam

World Press Photo, User experience and spatial designer

I work as a freelancer on the annual traveling exhibition. I designed a new exhibit flow and panels layout. I adapt and create content for their exhibits.

Sept 2019 - Sept 2020 in The Hague

Yeh Design, User experience and spatial designer

I worked as an experience designer for retail and residential spaces. I was in charge of ux and marketing researches. Also, 3d and graphic design content.

Sept 2019 - Sept 2020 in The Hague

Yeh Tea, UX/UI designer

I worked on the e-commerce platform to improve usability. I designed a new brand book and brand guide. I also managed social medias and website contents.

Nov 2019 - Apr 2020 in Alkmaar

Off Grid Test Center, UX/UI designer

I was the lead UX/UI designer for 2 online tools for the EU community in the field of green energy. The 1st tool determines the energy consumption of a building. The 2nd opts what is the ideal microgrid for your location.

Apr 2018 - Oct 2018 in Amsterdam

Northernlight Studio, Product design intern

I worked on ux research, spatial concepts, 3d models, graphics and sketches.

May 2017 - Nov 2017 in Rotterdam

Morrow Studio, Product design intern

I worked on the development of an interactive exhibition.
