

SUDOZI

MODERNIZED MANAGEMENT

VENDORS

Unlimited value

Leverage vendor alerting features to stay on top of opportunities. Tracking specific vendors and documenting conversations before payment or receiving an invoice

MEMBERS

Relationships matter

Build trust between finance and other departments through accurate, consolidated vendor context. Automate workflow and help teams align quicker in decisions

SPEND

Collaborative approval

Drastically increase your efficiency and simplify your day-to-day life by minimizing operational work and increasing easy-to-access insights on spend requests

SERVICE

Scaling intelligence

Be able to scale to meet business needs by easy viewing of all outstanding financial commitments with smart filtering and alerting

DOCUMENTS

No more digging

Cloud based storage for vendor contracts and various documents. Save money and time through gained visibility into renewal dates, spend requests, duplicate / unused vendors and purchases

RESOURCES

On demand

Curated support and training to set up a strong foundation and smooth roll-out to team
