EXPERIENCE

Resi Media LLC - Denver, CO – *Product Designer*

May 2020 – September 2021

- Worked as a Product Designer at Resi for a year and a half.
- Worked for the Product Team on their new product using a variety of tools and software.
- We worked in a 2 week sprint agile environment.
- My main workflow was: story handoff in Jira by PM > wireframing solution > feedback > reiteration > feedback > review > approval.

Freelance UX Design - Denver, CO

February 2018 – Present

- Worked on 8 freelance UX projects from 2018-present.
- Worked on both very small projects and also on very long projects that included.
 - User research projects.
 - Hi-fi & Low-fi prototyping.
 - Storyboarding

Page 1 Solutions - Lakewood, CO – *Web Designer*

September 2018 – May 2019

- Worked on website designs using Figma, Sketch, and Adobe Illustrator.

- Measured results of designs using A/B testing and Google Analytics.
- Design process looked like: ideation/collaboration > creation > feedback > reiteration > review
