Plastic  
Neutral  
Packaging

Einhorn Condoms was Seven Clean Seas first ever partner since 2018!

Together, we offset all the weight of all the plastic used within the packaging of all the products they sell annually since 2018 (as plastic is unavoidable in condoms).

# Plastic Neutral Product

We partnered with Pasimo to help neutralise the plastic impact of their Acrylic pens and acrylic paints.

Together, we offset all the weight of all the plastic used within all the products they sell every quarter.
