

usability test

hand is placed

make tap more clear (?)

hand write name is clear -> but need an ok and clear button

ask for permission on live feed timer part

pick your game -> picked

trivia — —

question is not on the ipad ?

wall is really big

need permission screens

permission screens on hand part ? or throughout the game

stacks — —

concept of the game clear

bandaid ?

Pictionary — —

2 sets of screen (guessing and drawing)

hue

jigsaw —

ipad ver not made yet

how do you do a puzzle with a lot of ppl

what if two ppl grab the same screen ?

randomly generated parts of the puzzle needed to complete the full puzzle

realistically would you play?

i'd like to take a moment to play

all games are simple enough

why does it have to film me ?

no reference picture needed ? (hint function)

product compare ? idk

how would you describe this product to a friend ? game that spies on you -> game on a big wall

if you had 3 wishes ? take out video or consent to filming ,

messaging -> just swearing and putting whatever they want
