### **WHAT TO BRING**

Sonoran Spine Center Information Sheet Complete this information sent to you.
Medication List   Drug Allergies  Make a list of any medications you are currently taking including dosages and frequency. Include a list of any drug allergies you may have. Provide us your current pharmacy telephone and fax numbers.
Insurance Company Information  Please have your insurance card and insurance company information, including the group number and address where claims should be sent.
Workers Compensation Information  Bring the claim number, insurance carrier, address, contact person and phone number if you are covered by workers compensation.
Co-pay  If your insurance has a co-pay, you must pay this amount before being seen. We Accept cash, debit or credit cards. Sorry, no checks are accepted.
Insurance Authorization   Doctor Referral We are on most insurance plans, but be sure your visit with us has been authorized by your insurance company, if this is required. We will not see you if we don't have a required referral and authorization. Any questions you may have should be directed to your primary care provider. This is your responsibility. Please have your authorization number when you make your appointment with us.
X-rays, MRI Scan, CT Scan, Other Studies Please make certain you bring any x-rays, MRI scans, CT scans, etc., as well as any radiologist reports. Bring all studies that have been done.
If You Require Disability Forms —  We will fill out forms required by the government such as those from the State of Arizona or the Social Security Administration free of charge. However, If you require disability forms completed for privately-held policies such as those that protect your car, wages, home or credit cards, we charge \$5 per page up to a maximum of \$25/form. Your insurance plan will not reimburse you for the preparation of these forms nor will it reimburse Sonoran Spine Center, PC; therefore, we require payment before completing the form. Upon receipt of full payment and your signature which acknowledges your understanding of our policy, we will complete your forms. Ask to sign our Disability Form Acknowledgement if you need disability forms filled out.

#### SONORAN SPINE INSURANCE POLICY

Welcome to **Sonoran Spine**. We want to make you aware of our policy regarding health insurance.

It is the responsibility of our insured patients to be aware of their health insurance benefits and restrictions prior to visiting our facility. This would include copayments, deductibles, coinsurance, authorization/referral requirements, policy exclusions, and pre-existing condition restrictions.

As a courtesy to our patients, our office will verify your eligibility prior to your visit. Please be aware that the insurance always has a disclaimer stating that "this does not guarantee payment for services – the claim will be subject to policy benefits and restriction once the claim is received". Therefore there is no way we can be 100% certain they will pay part or all of your claim.

If your visit requires pre certification or a referral, it is the patient's responsibility to obtain this from the primary care physician or insurance company directly.

If our patients require surgery, we will do our best to make sure we use a contracted facility and that precertification is obtained if necessary. If you have not met your deductible or your out of pocket maximum benefit, a deposit may be required prior to your surgery. If so we will discuss this prior to your surgery to avoid cancellations.

Please know that we do our best to provide you with the most accurate information available to us but it is ultimately the patient's responsibility for any charges incurred. If you disagree with the way the insurance has processed your claim, please contact your insurance company.

#### Our commitment to your privacy

Our practice is dedicated to maintaining your privacy of your health information. We are required by law to maintain the confidentiality of your health information. We realize that these laws are complicated, but we must provide you with the following information.

This Notice of Privacy Practices is NOT an authorization. This Notice of Privacy Practices describes how we, our business associates and their subcontractors, may use and disclose your protected health information (PHI) to carry out treatment, payment or health care operations (TPO) and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected health information" is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health condition and related health care services.

#### **USE AND DISCLOSURES OF PROTECTED HEALTH INFORMATION**

Your protected health information may be used and disclosed by your physician, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you, to pay your health care bills, to support the operation of the physician's practice, and any other use required by law.

**Treatment:** We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, your protected health information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

**Payment:** Your protected health information will be used, as needed, to obtain payment for your health care services. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

Healthcare Operations: We may use or disclose, as needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment, employee review, training of medical student, licensing, fundraising, and conducting or arranging for other business activities. For example, we may disclose your protected health information to medical school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose you protected health information, as necessary, to contact you to remind you of your appointment, and inform you about treatment for fundraising activities, we will provide you the choice to opt out of those activities. You may also choose to opt back in.

We may use or disclose your protected health information in the following situation without your authorization. These situations include: as required by law, public health issues as required by law, communicable diseases, health oversight, abuse or neglect, food and drug administration requirements, legal proceedings, law enforcement, coroner, funeral directors, organ donation, research, criminal activity, military activity and national security, worker's compensation, inmates, and other required uses and disclosures. Under the law, we must make disclosures to you upon your request. Under the law, we must also disclose your protected health information when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements under Section 164.500.

#### USES AND DISCLOSURES THAT REQUIRE YOUR AUTHORIZATION

Other Permitted and Required Uses and Disclosures will be made only with your consent, authorization or opportunity to object unless required by law. Without your authorization, we are expressly prohibited to use or disclose your protected health information for marketing purposes. We may not sell your protected health information without your authorization. We may not use or disclose most psychotherapy notes contained in your protected health information. We will not use or disclose any of your protected health information that contains genetic information that will be used for underwriting purposes.

You may revoke the authorization, at any time, in writing, except to the extent that your physician or the physician's practice has taken an action in reliance on the use of disclosure indicated in the authorization.

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CARFFULLY.

This notification is required by the Privacy Regulations created as a result of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and HIPAA Omnibus Rules.

#### **YOUR RIGHTS**

The following are statement of your rights with respect to your protected health information.

You have the right to inspect and copy your protected health information (fees may apply) – Pursuant to your written request, you have the right to inspect or copy your protected health information whether in paper or electronic format. Under federal law, however, you may not inspect or copy the following records: Psychotherapy notes, information compiled in reasonable anticipation of, or used, in a civil, criminal, or administrative action or proceeding, protected health information restricted by law, information that is related to medical research in which you have agreed to participate, information whose disclosure may result in harm or injury to you or to another person, or information that was obtained under a promise of confidentiality.

You have the right to request a restriction of your protected health information – This means you may ask us not to use or disclose any part of your protected health information for the purposes of treatment, payment or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends you may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply. Your physician is not required to agree to your requested restriction except if you request that the physician not disclose protected health information to your health plan with respect to healthcare for which you have paid in full out of pocket.

You have the right to request to receive confidential communications – You have the right to request confidential communication from us by alternative means or at an alternative location. You have the right to obtain a paper copy of this notice from us, upon request, even if you have agreed to accept this notice alternatively i.e. electronically.

You have the right to request an amendment to your protected health information – If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal.

You have the right to receive an accounting of certain disclosures – You have the right to receive an accounting of disclosures, paper or electronic, except for disclosures; pursuant to an authorization, for purposes of treatment, payment, healthcare operations; required by law, that occurred prior to April 14, 2003, or six years prior to the date of the request.

You have the right to receive notice of a breach – We will notify you if your unsecured protected health information has been breached.

**You have the right to obtain a paper copy of this notice** from even if you have agreed to receive the notice electronically We reserve the right to change the terms of this notice and we will notify you of such changes on the following appointment. We will also make available copies of our new notice if you wish to obtain one.
