Pinpoint Global Receives CIOReview's Most Promising Compliance Technology Solutions Provider Award

Pinpoint Global is recognized for its compliance platform ComplianceConnect™ with an award as Most Promising Compliance Technology Solutions Provider from CIOReview.

NASHUA, NH, September 27, 2022— Pinpoint Global is pleased to announce CIOReview has awarded their **2022 Most Promising Compliance Technology Solutions Provider** award to Pinpoint Global for its ComplianceConnect™ technology. ComplianceConnect online compliance modules deliver, monitor, and report on assigned SEC, FINRA or state compliance requirements. ComplianceConnect™ is developed for financial services firms from enterprise to entrepreneurial RIAs.

"We're excited to be recognized for our successful compliance technology," said Bob Sullivan, President and CEO of Pinpoint Global, "We've provided online compliance services for the largest financial services companies for over 20 years. ComplianceConnect scales many of our enterprise class products for RIAs which have their own specific compliance and business risks.

ComplianceConnect includes over 20 modules that satisfy regulatory requirements and mitigate risk for financial services companies. The platform increases communication between advisors and analysts and decreases the amount of time spent on compliance activities. The modules integrate with current systems and many can be deployed within weeks.

Each module provides multi-level review options, real-time reporting, and detailed auditing tools keeping RIAs and broker-dealers compliant with the regulatory landscape. Pinpoint Global's Gold Record storage means data is encrypted, fully redundant, and accessible anytime should a firm be audited.

CIOReview is a leading print and digital magazine that guides enterprises with reviews of technology solutions and services currently trending. CIOReview's [November Compliance Technology Edition](#) features the top 20 companies that are at the forefront of providing compliance technology solutions and transforming businesses.

Jay Stainsby, Vice President of Pinpoint Global said, *"Automating these compliance requirements saves RIA firms months of work while providing both SEC 204-2 and SEC 17(a)-4 gold record storage."* Added Jay, *"We're proud to be recognized for our accomplishments in providing compliance solutions in the financial services industry."*
