FULL SPECTRUM (HIGH CRI) LED STRIP

With full spectrum LED chips, this LED strip achieves a CRI of more than 97 meaning colours shine their brightest under this LED strip. With a length of 5 meters, cuttable every 3 LED's and coming standard with 3M double sided tape, this strip is reliable, long lasting and has brilliant effects on any surface it is directed towards. This strip is perfectly suited to use in art galleries, clothing stores, wardrobes and any other location in which you need colours to shine brightly.
