Travel, Food & Lodging

Annual Tuition includes most residency costs. IDSVA provides room and board during the two-week residency at Spannocchia Castle, and covers lodging costs at all other residency locations. IDSVA also covers the cost of travel during a residency period, as for example, from Rome to Spannocchia, and for all museum admissions. Students are responsible for travel cost to and from residency locations, as for example, between their home and Italy, and between their home and Mexico City. In all locations except for Spannocchia Castle, students are responsible for most of their own meals.

There are no other fees.
